

JUDGES FETED . . . Newly appointed Municipal Judge William B. Keene (left) and Superior Judge William E. MacFaden (center) are congratulated by Charles Catterlin, president of the South Bay Bar Assn., during Plush Horse luncheon attended by 300 persons to salute the pair. Judge Keene was named to succeed Judge MacFaden on the latter's elevation to the Superior Court.

Seat Belt Position Important

California Highway Patrol Commissioner Bradford M. Crittenden advised motorists this week that the proper positioning of seat belts can be an important factor in preventing injury if a collision occurs.

"The belt should be fastened snugly over the hips and pelvis, so that any shock will be transmitted through the heavy bone structures.

"Placement of the belt over the upper abdomen can transmit the shock of a collision to the internal organs, unnecessarily increasing the chances of injury."

The commissioner pointed

out that more and more belts are coming into usage, and proper positioning techniques are necessary if the maximum potential of the belts is to be realized.

Student Wins Annual Grant

Bruce Thompson, El Camino College vocational arts student and winner of the Future Teachers Scholarship Award, was named this week as the recipient of additional financial incentives.

The California Industrial Education Assn. will award Thompson \$100 annually until

the completion of his education in the field of industrial arts. Thompson is presently attending El Camino College and plans to transfer to Long Beach State College in the fall. He is especially interested in radio-electronics and drafting and plans to teach in those fields at the high school or junior college level.

He said that in one reported case where a passenger had fastened the belt loosely around her upper abdomen, the shock of an ensuing collision ruptured her spleen.

WEST COAST SALAD PLATTER ← Good Idea!

Cover platter with lettuce. Arrange the following in rows, with the cling peach halves in center:

- | | |
|---------------------------|--------------------------|
| Canned cling peach halves | Grapefruit sections |
| Silvered almonds | Toasted shredded coconut |
| Cheddar cheese cubes | Berries in season |

Serve with your favorite dressing.

The plump perfect shape and sunny color of cling peaches from California make the best choice for any salad.

Firm Marks Fifth Year
The South Bay office of American Savings and Loan, 1959 Kingsdale Ave., Redondo Beach, begins its fifth year of service to the area April 1, according to Dick Darling, manager.
The branch office was first established April 1, 1959, in temporary quarters on Kingsdale Ave. In August, 1960, the office was moved to its own modernistic building, constructed especially for American Savings in the South Bay Shopping Center.

there are good reasons why
HOME
IS THE FIRST AND ONLY
BILLION-DOLLAR
SAVINGS ASSOCIATION

Home Savings is the nation's largest savings association—the acknowledged leader in its field.
What is it about Home that attracts more savers (over \$1 billion) and more customers (nearly half a million)?
Home keeps its promises to savers, delivering a safe, profitable savings investment. Since 1889, no one ever lost a penny of savings entrusted to Home.
In addition, accounts are insured to the full limit of the Federal Savings and Loan Insurance Corporation. Amounts up to \$1 million or more are accepted at Home.
As for profit, savers at Home earn the highest prevailing rate, with earnings paid or compounded four times a year.
Home makes it pleasant and convenient to open and maintain savings accounts. Home serves more communities with more branch offices than any other savings association in America.
Home guards an enviable reputation for sound management. Home's operating costs are kept the lowest average in the industry—13.6% of gross income as compared to 21.2% the average savings association spends on operations.
Home's unmatched size and strength is the direct result of keeping its promises to savers. It is a size based on merit.
